FISHERY SURVEY OF INDIA

## Preface

This is a very pleasant moment for me to put the foreword for this extremely valuable book for the marine fisheries management arena.

India is bestowed with nine coastal States and four Union Territories (UT) covering the coastline of the country. Length of Country's coast line is 8118 km including all the coastal States and UTs. Total Exclusive Economic Zone (EEZ) is 2.02 million square kilometres. Among these, the Andaman and Nicobar Islands and Lakshadweep Islands play vital roles on contributing to the national marine capture fisheries production. Not only the production, but also the man and machine behind the production. Unfortunately, till 26<sup>th</sup> December 2004, these fishermen were not much talked about population. They were considered and included on the general national population register. When Tsunami struck the coasts of India on the above fateful date, it completely devastated the coast with huge loss of lives and properties. Post Tsunami, to start with rehabilitation program, it was realised that the nation is lacking with adequate information about the fisher folk population. Thus the Government of India initiated the mission of Marine Fisheries Census for exclusive enumeration of fisher folk population and their world.

First marine fisheries census started on 2005 with the time scale of five years. On this series, the third census was conducted in 2016. Andaman and Nicobar group of islands and Lakshadweep islands were also covered under the census.

Andaman & Nicobar group islands are located in the Indian Ocean, the extreme southern reach of Bay of Bengal. A total of 836 islands, islets, rocky outcrops comprise to form Andaman & Nicobar group of islands. Among these, only 38 are inhabited by human population. Human inhabited geo-locations are divided into three districts (South Andaman, North and Middle Andaman and Nicobar), nine tehsil and 169 fishing villages having population of 26,521 as per this census. The fishermen population 26,521 is 6.1% of total population of Andaman and Nicobar islands (4,34,192 estimated as per 2019 census) with sex ratio of 891 females per 1000 males. This manuscript covers almost everything of a fisher's living such as housing, population distribution, education, occupation, gender based fishing and allied activities, religion and community, co-operative society, aquaculture practice, life saving and electronic equipment, crafts, amenities, infrastructure etc.

Being a fishery professional for more than four decades, I personally feel this publication is an epitome of many facets of coastal fisher folk population of Andaman & Nicobar Islands. It will certainly serve as a ready reckoner for the Government, decision makers, professionals, academia and will go a long way in contributing to the citizen science. Contributions of enumerators, scientists, administrators, policy makers and each and every one are duly acknowledged. Efforts of team FSI and CMFRI were well appreciated for bringing out this publication during this tough situation of COVID-19 pandemic.

I thank each and every one for their contribution on this massive national work of Marine Fisheries Census 2016.

(Dr. L. Ramalingam)

# Summary

Marine Fisheries Census 2016 of Union Territory (U.T.) of Andaman & Nicobar Islands in India was carried out in its districts Nicobar, North and Middle Andaman and South Andaman covering all the 169 marine fishing villages. The scope, time frame, and terms used are described in Marine Fisheries Census 2016 India Report. Summary of significant features noted from the census data are given below:

## Fishing villages

- There are 169 marine fishing villages spread along different islands in Andaman & Nicobar, of which 51 are in Nicobar, 75 are in North & Middle Andaman and 43 in South Andaman. The total number of fishermen families residing in these villages are 5,944, in which 1,468 are in Nicobar, 2,268 are in North & Middle Andaman and 2,208 are in South Andaman.
- Out of the 5,944 marine fishermen families in this U.T. 4,486 (75.5%) are traditional fishermen families.

## Population

- The marine fishermen population size for the Andaman & Nicobar group of Islands in India is 26,521, out of which 7,653 are in Nicobar, 9,902 are in North & Middle Andaman and 8,966 are in South Andaman.

- In Andaman & Nicobar, 65.1% of the population is adults, of which 53.4% are males and 46.6% are females.
- Including children, here the female to male ratio is 891 females per 1,000 males. For the three districts this ratio is 876 for Nicobar, 895 for North & Middle Andaman and 900 for South Andaman.

## Poverty

- There were 1,486 marine fishermen families below poverty line (BPL) in Andaman & Nicobar, out of which 36.1% are in Nicobar, 18.2% are in North & Middle Andaman and 45.7% in South Andaman.

## Education

- In Andaman & Nicobar Islands, 57% of the eligible fisherfolk are educated with different education levels.
- About 28.9% of the eligible fisherfolk are with primary level of education, 19.9% are with higher secondary level, 6.1% are above higher secondary level and 2.2% are with graduation or above level of education.

## Occupation

- There are 7,788 active fishermen in the U.T. of Andaman & Nicobar, of whom 4,593 are

full time fishermen engaged in actual fishing and 1,978 are part-time fishermen. Here 1,217 (15.6%) of the active fisherfolk are engaged in fish seed collection with 48.6% of them having fulltime engagement in fish seed collection.

- There are 2,393 fisherfolk engaged in fishing allied activities, of whom 68.2% are engaged in marketing of fish, 19.4% are engaged in making/repairing net, 0.9% engaged in curing/processing 2.2% engaged in peeling and 9.3% engaged as fishing related labourers.
- In Andaman & Nicobar 64.9% of the fisherfolk engaged in marketing of fish are females, 73.3% of those engaged in making/repairing of net are males, 76.2% of those engaged in curing/processing are males and 65.4% of those engaged in peeling are males.

## Aquaculture Activities

- There are 142 fishermen families engaged in aquaculture, of which 137 families are engaged in fish aquaculture, and rest engaged in other types of aquaculture.
- There are 14 fisherfolk families acquired training in aquaculture. In North & Middle Andaman no fishermen families acquired training in aquaculture.

## Religion

- In the U.T., 68.5% of the marine fishermen family belongs to Hindu religion, 30.2% belongs to Christianity and 1.2% is Muslims. Out of the 5,944 marine fishermen families 24.7% are in SC/ST community.

## Membership in co-operatives

- There are 762 fisherfolk having membership in co-operatives with 74.7% of the memberships in fisheries co-operatives. Of the 569 fisherfolks having membership in fisheries co-operatives 60.6% are in South Andaman, 22.0% are

in North & Middle Andaman and 17.4% are in Nicobar.

## Craft owned by the fisherfolk

- The total number of fishing crafts owned by the fisherfolk in Andaman & Nicobar with 100% ownership is 3,516 in which 27.3% are in Nicobar, 34.0% are in North & Middle Andaman and 38.7% are in South Andaman. Under the major categorization, among the fishing crafts with full ownership, 60.2% are non-motorized, 32.5% are inboard fishing crafts, 6.5% are motorized with outboard engines and only 0.82% are fully mechanized.
- Gillnetters and Liners are the fully owned mechanized fishing crafts and the inboard category comprises of wooden built, Iron built and wood fiber.
- In addition to full ownership there are 4 mechanized liners, 383 inboard vessels and 35 outboard fishing crafts, in which the fisherfolk in the U.T. have partial ownership.

## Life saving and electronic equipment

- In Andaman & Nicobar 3,714 marine fishermen families have life saving equipment (62.5%) and 4,710 families have mobile phones (79.2%).
- Among the fisherfolk families in the state, only 144 families have GPS and only 5 families have radio phones.

## Infrastructure

- In Andaman & Nicobar, 57% of the marine fishermen families reside in *kutch*a houses and 43% of them are reside in *pucca* houses. About 47% of fishermen houses do not have toilet facility and 92% of houses are electrified.
- Most of the marine fishermen families (79%) in Andaman & Nicobar depend on tap water

facility as source of potable water. For the remaining families potable water sources are well, hand pump/borewell, etc.

- In Andaman & Nicobar, out of the 169 marine fishermen villages, there are bus stop/bus stand in 111 villages, hospitals in 92 villages, post office in 50 villages, mobile phone coverage in 131 villages, cyclone shelters in 40 villages, boat landing jetty in 30 villages and 19 villages have market facility.
- There are primary schools in 153 villages, secondary schools in 77 villages, colleges in 8 villages and a technical institution in 1 village.
- There are 5 ice factories and 4 boat building yards and 3 cold storages in Andaman & Nicobar.
