# Preface

Data is the *sine qua non* of good governance and data generation is a formidable task. Though conducting the National Marine Fisheries Census 2016 has been a challenging endeavour, we at ICAR-Central Marine Fisheries Research Institute are bestowed with such rich experience and vast expertise in big data management including the first survey of marine fishing villages and marine fish landings centres carried out during 1948-'49, that, this mammoth task could be accomplished as a remarkably rewarding as well as enriching achievement. While the huge, but systematic data base generated is of utmost significance for governance-oriented decision making at the Central as well as State levels, the process itself has offered us unique opportunities for strengthening our bonds with the stakeholders—the large majority of fishers in remote, mostly under-developed and environmentally challenged coastal villages. Despite the hardships, our staff members had to endure during the enumeration, the exercise could be taken to its logical end only because of the whole hearted cooperation extended by the fisherfolk and allied stakeholders of the nation.

I am happy to acknowledge the immense support and interest shown by the fisherfolk and allied stakeholders of the state who patiently provided all the required information to our staff members on the census job. The interface was well-mediated by the equally helpful assistance from the officials of the Department of Fisheries, Andhra Pradesh. Having conducted the Marine Fisheries Census in 2005 and 2010 with due funding support from the then Department of Animal Husbandry, Dairying and Fisheries (DADF), Government of India, we were well equipped to address any operational issues that may crop up during enumeration. Nevertheless, our staff members were provided with sufficient skill enhancement trainings, well prior to their systematic deployment in the field. It is pertinent to provide a glimpse into the kind of preparations we have undertaken for this exercise. Across the nine maritime states and two union territories, we developed census data collection forms in different languages, dispatched them to different centers, printed notices in vernacular languages, gave media circulation, coordinated census enumeration at all the locations,

made necessary supervisions, collected the forms back and finally brought them to the headquarters at Kochi for data digitization and data processing. The National Marine Fisheries Data Centre of ICAR-CMFRI coordinated the data entry, compilation and analysis. The entire scientific, technical, administrative and supporting staff of the Fishery Resources Assessment Division ably led by the division Head, Dr. T. V. Sathianandan, who made remarkable contributions in coming out with the census reports. Special thanks are due to all the scientific, technical, administrative and supporting staff of ICAR-CMFRI for their sincere involvements in the successful conduct of the census.

Once again, I am expressing my sincere thanks to the DADF, Govt of India (presently the Department of Fisheries – DoF) who supported by funding the census programme, ICAR officials who encouraged the activities, the entire CMFRI fraternity whose enthusiasm made this task a commendably collective feat.

Finally, I sincerely thank the Scientist-in-Charge, Visakhapatnam Regional Centre of ICAR-CMFRI and all other staff for the support and help rendered in completing the Marine Fisheries Census 2016 successfully. I am sure this report will be of enormous use to all associated with the development of marine fisheries sector.

A. Gopalakrishnan

Director, ICAR-CMFRI &  
National Co-ordinator, Marine Fisheries Census, 2016

# Summary

The Marine Fisheries Census was carried out in Andhra Pradesh during February 2016 as a part of the National Marine Fisheries Census 2016. There are nine coastal districts in Andhra Pradesh viz., Srikakulam, Vizianagaram, Visakhapatnam, East Godavari, West Godavari, Krishna, Guntur, Prakasam and Sri Potti Sriramulu Nellore. The scope, time frame, and terms used are described in Marine Fisheries Census 2016 India Report. Important features revealed by the census are summarized below.

## Fishing villages and landing centres

- There are 533 marine fishing villages in the state of Andhra Pradesh. Srikakulam district has 122 fishing villages, which is the maximum in the state. The minimum number of villages is in West Godavari district (9).
- There are 234 marine fish landing centres along the coast of Andhra Pradesh. The maximum number of landing centres is in Nellore district (66) and the minimum number is in West Godavari district (5).

## Population

- There are 1,55,062 fishermen family in Andhra Pradesh with 5,17,435 members in all. The population is highest in East Godavari district (29%) and lowest in West Godavari district (1%).

- Around 98% of the fishermen families belong to traditional fishermen category.
- It is found that the average number of families in a village is 291, with 971 persons per village.
- The average size of a marine fishermen family is found to be 3 in Andhra Pradesh. Districts with maximum family size (4) are Visakhapatnam, Srikakulam and Vizianagaram.
- The female to male ratio among marine fisherfolk in Andhra Pradesh is 945 females per 1,000 males. This ratio is maximum in East Godavari (972) and minimum in West Godavari (893).
- About 65% of the marine fishermen population are adults and remaining 35% are children below 18 years.

## Poverty

- Around 97% of the total families in the state belong to the BPL (Below Poverty Line) category.
- Almost 99.8% of the families of West Godavari district are in the BPL category. Vizianagaram district has 83% of families falling in this category which is the lowest in the state.

## Education

- Among the portion of the fishermen populace above 5 years of age, 40% has school enrollment.
- Out of the total educated people, 47% have primary level of education, 40% have higher secondary level, 10% have acquired above higher secondary and 3% have obtained educational qualifications of graduation level and above.
- The district-wise profile of fishermen family members getting school education and above revealed a maximum of 31% in East Godavari.
- Among the female population (excluding children below 5 years), 19% have received primary level of education, 14% acquired higher secondary level and 3% attained levels above higher secondary. There are graduates also amongst the female populace although at a very less number (1%).

## Occupation

- Among the total adult population, 36% are engaged in full time actual fishing and 4% are engaged in part time actual fishing.
- Around 31% of the active fishermen are from East Godavari district.
- In the state, 27% of the adults are engaged in fishing allied activities.
- Among the people involved in fishing allied activities, 37% are labourers, 33% are engaged in marketing of fish, 17% are involved in curing / processing, 5% in making / repairing of nets, 4% are doing peeling and 5% are involved in other fishing allied activities.
- Only 6% of people are involved in occupation sectors other than fishing.

- Women dominated in almost all areas of fishing allied activities such as fish marketing (85%), curing / processing (93%) and peeling (92%). About 85% of the labourers are women.
- Among the adults, 28% are unoccupied.
- Among the total people engaged in fishing allied activities in Andhra Pradesh, 27% are from Srikakulam district. Peeling activities are more in Guntur district (32%).

## Aquaculture activities

- In Andhra Pradesh only 2% of the total marine fishermen families are engaged in aquaculture activities.
- Prawn culture was prominent among various aquaculture practices (72%).
- Out of the total marine fishermen families engaged in aquaculture practices, 62% are from Krishna district.
- People who received training in aquaculture are very less (10%).

## Religion

- In Andhra Pradesh almost 96% of the marine fishermen families belong to Hindu religion. 3.7% are Christians and remaining families are Muslims.
- The overall percentage of SC/ST among the marine fishermen families is 2%

## Membership in co-operative societies

- Around 40% of the total adult population have membership in co-operative societies. Out of them, 33% have membership in fisheries co-operative societies and 67% have membership in other co-operative societies.

## Craft in the fishery

- In Andhra Pradesh, there are 20,219 fishing crafts in operation in the fishery. Out of this, 1,176 fishing crafts are mechanized trawlers, 12,078 are motorized fishing crafts and 6,965 are non-motorized fishing crafts.
- Around 60% of the fishing crafts in Andhra Pradesh are motorized and 34% are non-motorized. Only 6% of the fishing crafts are mechanized trawlers.
- Among the motorized fishing crafts, 74% are operated with outboard engines and 26% are with inboard engines.
- Visakhapatnam district has the maximum number of trawlers in operation (59%).
- Around 35% of the non-motorized fishing crafts in operation are from Srikakulam district.

## Craft owned by the fisherfolk

- In the state 1,058 fishermen families have full ownership in mechanized fishing crafts, 9,006 fishermen have full ownership in motorized fishing crafts (both in-board and out-board).
- Around 53% of the fully owned mechanized trawlers in the state are from East Godavari district.
- While 16% of the fishermen families are having full ownership, 11% have share in the ownership of fishing crafts.

## Life saving and electronic equipment

- Around 7% of the total fishermen families use life saving equipment and 49% have mobile phones.

- Other electronic / communication gadgets such as GPS, radio phone, echo sounder etc. are less in number as the proportion of mechanized crafts is less.

## Infrastructure

- In Andhra Pradesh, 74% of the houses in which marine fishermen families reside are pucca and remaining 26% are kutcha.
- Around 62% of the families do not have toilet facilities in their houses.
- Majority of the houses are electrified (98%).
- Around 65% of the families depend on public tap water for their household water requirements.
- Out of 533 marine fishing villages, 310 villages have bus stop/stand, 471 villages have mobile phone coverage, 271 villages have cyclone shelters and 128 villages have market facilities.
- In the coastal fishermen villages of Andhra Pradesh, the primary school density is 86% (457 primary schools in 533 villages).
- There are 52 ice factories, 7 cold storages and 5 boat yards located in marine fishing villages of Andhra Pradesh.
