

*Doryteuthis sibogae*

## **Landings of squid *Doryteuthis sibogae* at Chennai**

There was unusually heavy trawl landings of squid *Doryteuthis sibogae* at Kasimedu Fish Landing centre, Chennai during October. This was comparatively higher than the same period of previous year landings. The maximum

length of *Doryteuthis sibogae* observed was 333 mm, which is the largest size recorded for the species at this landing centre.
