Dr. G. Syda Rao has taken over as Director of the Central Marine Fisheries Research Institute, Cochin. A renowned scientist with more than three decades of meritorious research experience in the field of marine fisheries, Dr. Rao has published several research papers in national and international journals. Dr. Syda Rao has pioneered the land-based marine pearl culture technology which was granted a provisional patent in 2001. He has been instrumental in the successful demonstration of open sea cage culture technology at Visakhapatnam, recently.

Dr. Rao belongs to the 1976 batch of Agricultural Research Service of ICAR. He joined CMFRI as Scientist S-1 in the year 1977 and since then served the Institute in different capacities. Dr. Rao was the Scientist-in-charge of the Visakhapatnam Regional Centre of CMFRI before he took over as Director of the Institute.
