

Best Annual Report Award 2014-15

Among the category of Large ICAR Institutes, the Best Annual Report Award 2014-15, is bestowed upon the Annual Report of ICAR - Central Marine Fisheries Research Institute, Kerala. The Annual Report was adjudged the best among all the competing institutions in the category for its originality and quality of content, lucidity of expression, innovative and creative style of presentation which truly conformed to the international standards of reporting. The Annual Report apart from being published timely has covered and highlighted the aspects related to the application and adoption of research findings which makes it an interesting reading. The quality of the photographs, figures and illustrations used and their placement is also excellent and very innovative.
