Lakshadweep Matsya Mela draws crowd

Kochi: Lakshadweep Matsya Mela turned into a celebration of sea, science and culture, drawing hundreds of islanders and visitors into a unique celebration of fisheries, culture and community life. The three-day event, which began in Kavaratti Islands on Saturday, showcases Lakshadweep's deep-rooted maritime heritage blended seamlessly with modern fisheries science and innovation.

It features a wide array of value-added products from tuna, including ready-to-eat delicacies and other innovative forms, highlighting the immense potential of sustainable seafood processing. The event is organized by KVK Lakshadweep of Central Marine Fisheries Research Institute. TNN
