

Seychelles delegation explores collaboration with CMFRI

KOCHI: (Aug 27) An eight-member delegation from Seychelles, led by Wallace Cosgrow, Minister for Fisheries, Agriculture & Blue Economy, visited the ICAR-CMFRI here on Thursday. The foreign team's visit was to explore avenues for bilateral cooperation in marine fisheries research, sustainable fisheries management and mariculture, a Central Marine Fisheries Research Institute (CMFRI) statement said.

The delegation expressed interest in CMFRI's expertise and technologies in fisheries stock assessment, sustainable fisheries management, climate change impact assessment, seaweed-based value addition, ornamental fish breeding, mariculture, tuna fisheries and marine bioprospecting.
